

AccuPro One

A versatile spreader
for gardens and
landscape areas

The AccuPro One is a versatile rotary spreader, designed for use in landscape and garden areas.

The easy-to-use pedestrian spreader provides uniform coverage for your lawn, regardless of its size.

The AccuPro One is the latest addition to ICL's range of high quality spreaders.

Key points

- Made from sturdy, quality materials
- Easy to set-up
- 20kg hopper capacity
- Pneumatic tyres provide easy maneuvering without leaving any track marks
- 1.5- 3.0m spread width depending on granule size and spreader settings
- Optional rain cover
